Indiana Pacing Sire of the Year

With only two crops of racing age, Kilowatt has shown that his early speed and royal Western Hanover pedigree are winning their share of the rich Indiana-sired stakes, led by:

- Scrupti p,2, 1:55.1 '09 (\$98,700), winner of a \$125,000 Indiana Sire Stakes final with a final quarter paced in 27.4.
- Viking Kilowatt p,2, 1:55.3 '09 (\$114,250), who in 11 stakes starts finished 6-4-1, winning four Indiana Sire Stakes legs.

His progeny has now earned more than \$1.2 million in just two years of racing, so this is your chance to breed to a winner!
