**Western Hanover-More Than Most-Abercrombie**

Breeders in Indiana—and beyond its borders—were quick to take a shine to The Shooter, as his first book filled in no time with an outstanding group of mares in 2009. That makes this year a perfect time to breed to him. By doing so, you can be selling your Shooter yearling while that large first crop is blasting to victory week after week in the rich Indiana stakes. After all, when you're a world-class, early speed racehorse with the same pedigree cross as Western Ideal and Western Terror, you're a wanted man.

**Book filling rapidly again! Don't be shut out!**
